John McKay records that 289,000 *lithographed* copies of "**Not more than 1-20th, Red, Cigarettes**" were 'delivered' under the **3rd BABN Contract** (1878-1886). Apparently he has grouped the 1/20th pound Type III Division "Open" and Division "Specific" red strips.

The collection ***does not contain*** a *control-numbered* copy of **RC-47a** - the perforated 1/20th pound "Windsor" Division strip on *unwatermarked* vertical mesh wove paper - which has probably simply missed the *block watermark* on the sheet – **WANTED** if printed on horizontal mesh wove paper.

The collection ***does not contain*** a *control-numbered* copy of the *imperforate* 1/20th pound "Windsor" Division strip lithographed on *block watermarked* vertical mesh wove paper. I can see no legitimate reason for the *control-numbered* existence of *imperforate* strips. Perhaps they had been control numbered, prior to the perforation process, and are simply unfinished remnants.
